

Dear Mission Friends,

This is our first quarterly newsletter since those who responded to our letter in December.

It has been a very busy time for us. Over the Holiday period we were asked to help out with ministry by taking on the responsibility of the Church as its Pastor went on holidays. Our main aim is HELPING where we can and where we are needed.

Swanny has been leading our own intercessory prayer group which we hold in our own house. Swanny is a real prayer warrior and she is happy with this prayer group as God has already given results of answering prayers because God is still a God of miracles!

DEDICATION TIME

On the 14th of February along with 53 of our friends, we DEDICATED our house to the Lord. It was a time of Fellowship, Singing, Testifying of God's great miracles and a time of Prayer. It was a real time of Praise and worship and thanks to God.

The Bushfires

God helped us when the fires came as close as 300 meters from our house in Narre Warren South. We were looking outside the window and saw the flames coming closer and closer. Swanny had already packing things in the car. Unfortunately 6 homes were destroyed by the fire. Later in the evening the fire brigade came to tell us it was safe to stay. Thanks be unto God.

Timothy team

Some young pastors and workers for God have been asking us to mentor them. We have now decided to have a Timothy teaching, coaching and mentoring class being held once a month in our home. We really need your prayers for this, as we feel and sense in our spirit the importance of it.

Travelling up North

After Easter, we will travel up North and will have meetings in many places. We thank God for the opportunity and also are looking forward to meet up with many friends from the time that we use to work in Australia.

Website

You may visit our new website which Ps. Richard Kerridge has given us opportunity to put up, linked through our Liberty Christian Church's website.
